Gehirngerecht Digital, 2024

INTERESTS

Drums, Sailing

PROFILE

Senior UX/UI Designer with several years of design leadership experience and a rare T-shaped profile: business economist (marketing & sales), media designer, and designer who prototypes ideas directly in code when it helps. Focused on complex B2B products — configurators, workflow systems, and data-intensive interfaces — for international companies and regulated industries. That's how I translate between business, design, and engineering.

LEADERSHIP & RESPONSIBILITY

Professional leadership of the design team at connectiv! eSolutions (2019–2024) — including quality assurance and coordinating parallel design projects.

Strategic UX consulting & stakeholder management at New Monday, Berlin.

Leadership, budget & negotiation responsibility as Procurement Manager (commercial career).

PROFESSIONAL EXPERIENCE

Senior UX/UI Designer · JustRelate Group, Berlin

since 07/2025

Design of complex B2B and eCommerce products (100% remote).

Senior UX/UI Designer · New Monday GmbH, Berlin

2025

Concepting digital products & prototyping, style guides and pattern libraries, strategic UX consulting, stakeholder management, ideation and prototyping workshops with clients.

Senior UX/UI Designer · connectiv! eSolutions, Lingen

2019–2024

Professional leadership of the design team and QA across parallel projects. Built client-specific design systems, integrated into eCommerce systems (Shopware, OXID), agile collaboration (Jira), QA/testing before go-live.

Digital & Print Media Designer · connectiv! eSolutions, Lingen

2017–2020

Apprenticeship (graduated 1.7); design and technology.

Before that: Procurement Manager (commercial career), freelance journalist, freelance photographer (since 2015).
